CRAIN'S
MANCHESTER BUSINESS.

Crain's White Paper Library

There are numerous white papers on numerous subjects written for the business community. Their purpose is to give the reader sufficient background information on a given subject so that they can make an informed decision.

Many have been put together at great expense but frequently they are not widely conspicuous or easily accessible. You may have commissioned a white paper for your company or one on behalf of your client which you would like to put in front of Crain's highly influential audience.

You can make your client's White Papers visible and accessible for as long as you wish via Crain's library of white papers.

- Premium opportunity to place your client's expertise at the forefront of the business community
- Reach over 60,000 unique weekly visitors to Crain's breaking news website
- Crain's is read by corporate decision makers and professional advisors – it is the most highly read business publication in the region
- Trailer ads online and in the paper promoting the White Paper Library and new White Paper additions
- Opportunity to generate new business leads

High visibility and attractive pricing

First 6 weeks	£800
Next 4 weeks	£200
Every 4 weeks thereafter	£100

To discuss this possibility please call me on 0161.209.5818 or reply to this e-mail and I will be happy to advise you on how easy it is to participate.
